

Reminders for Advisors:

1. There is not a limit on the number of competitors that can sign up for any competition when there is a preliminary round. The preliminary round will eliminate down to a number set by the contest chair that is determined by scores and time constraints.
 2. All registration materials will be available to advisors on the Illinois HOSA website, www.illinoishosa.org, and a hard copy will have to be returned to the conference manager, Dana Clayton.
 3. The National HOSA software will be again this year to register conference attendees and score competitions using a standard deviation method that is recommended by National HOSA.
 4. Some events may have different times and locations on the conference schedule, so read it carefully and plan accordingly. Conference schedule is tentative. A revised schedule, if needed, will be mailed to you before the conference. Any revisions will occur due to hotel or judge requirements.
 5. We encourage early registration. Instead of waiting until February 1 to send in your registration, you may send it in by January 15.
 6. The room rate this year is 84.00 plus approximately 12% room tax per night.
- Some things stay the same...
- a. There are no changes after the initial registration, only deletions.
 - b. Please read the guidelines for the competitions your students are in. It is the advisor's and student's responsibility to come prepared.
